

# Never Alone Martin

Jason Upton

Sometimes we feel so afraid  
Sometimes we feel so lonely  
Sometimes we feel confused  
Sometimes we feel so helpless  
And we don't know what to do

(it's) so hard to believe it  
if we never heard it  
the voice of our father said our name

You're not alone  
You're not alone  
I'll never leave you  
I'll never leave you (2x)  
oh Lord...

Sometimes  
we're sitting in the middle of the dark at night  
sitting on the piano playing right on  
Sometime just sing till the seal come  
sing it oh...

I'm not alone  
I'm not alone  
You never leave me  
You never leave me (4x)  
Oh Lord...

Martin Luther King  
one night was sitting at his kitchen table  
all by himself  
his family had already gone to bed  
and all of a sudden he recieved this phonecall  
and this man said:  
"Martin if you don't stop preaching what you're  
preaching  
we're gonna take the life of your family and we're  
gonna take your life  
we're gonna kill you."  
and after he hung up the phone  
he said at that table  
and he begin just to say:  
"Father, I grew up in the church  
I've preached your kingdom in justice all over the eath  
I've preached your kingdom in justice all over America  
And I know you're real  
but right now I'm so afraid and I don't think I've ever  
hurt You  
say my name  
and I'm here to hear your voice father I need you to  
say my name"  
and he just began to cry  
and out the silence he heard the voice of his father  
for the first time  
and it said this:

Never alone Martin

Never alone Martin  
I'll never leave you (3x)  
I'll never leave you  
no...
