

Is it workin? Are we searchin?
Are we lost inside a circus?
I can almost see the color in your eyes
Are we livin? Are we learnin?
Is it helpin? Is it hurtin?
I can almost see the questions on your mind

In this carnival of thoughts
When it's moving can't get off

Dizzy when you're with me, only time will tell
We're spinnin like a carousel
Knowin as it's turnin we can't stop ourselves
From spinnin like a carousel
Yea

Imagine if the madness is the meaning in the magic
Well what if all that's happened has been right?
It's a circle but it's worth it
Might be a miracle you don't deserve but
All I know is it gotta hold on tight

In this carnival of thoughts
We may never make it off

Dizzy when you're with me, only time will tell
We're spinnin like a carousel
Knowin as it's turnin we can't stop ourselves
From spinnin like a carousel
Yea

Oh, so you wanna know the fiction
And without you I've been missin
Every piece of myself, yea
Oh well I'm runnin out of visits
So that could be the feelin holdin us back

Dizzy when you're with me, only time will tell
We're spinnin like a carousel

Dizzy when you're with me, only time will tell
We're spinnin like a carousel
Knowin as it's turnin we can't stop ourselves
From spinnin like a carousel
Yea
We're spinnin like a carousel
