

# Enemies

Jason Walker

Now can you tell me, who am I looking at?  
Because I swear that  
I don't know you  
Somewhere along we opened up the box  
And all was lost  
Our nightmares came true

Ooh-ooh-ooh-ooh-ooh-ooh-ooh  
I wanna die for you  
I wanna care for you  
Ooh-ooh-ooh-ooh-ooh-ooh-ooh  
So how did we become

Enemies, enemies, enemies  
How did we become  
Enemies, enemies, enemies

How did we come to this? Yeah  
How did we come to this? Yeah  
How did we come to this? Yeah  
How did we come to  
How did we come to this?

Oh, I swear we stepped across a line  
One inch at a time  
Until the damage was done  
I'm looking to someone else's eyes  
I don't recognize  
Is this really what we want?

Ooh-ooh-ooh-ooh-ooh-ooh-ooh  
I wanna die for you  
I wanna care for you  
Ooh-ooh-ooh-ooh-ooh-ooh-ooh  
So how did we become

Enemies, enemies, enemies  
How did we become  
Enemies, enemies, enemies

How did we come to this? Yeah  
How did we come to this? Yeah  
How did we come to this? Yeah  
How did we come to  
How did we come to this?

Too far, can't look back now  
In the dark, there's no way out  
Too far, can't look back now  
Back now  
Too far, can't look back now  
In the dark, there's no way out  
Too far, can't look back now  
Look back now

Enemies, enemies, enemies  
(How did we become) how did we become

Enemies, enemies, enemies

How did we come to this? Yeah

How did we come to this? Yeah

How did we come to this? Yeah

How did we come to

How did we come to

How did we come to this?
