

# Keep Me Watching

Jason Walker

Paralyzed, I'm caught in the headlights  
Unexpected, but it feels like you already know  
What your doing to me

Your a hit and I'm addicted  
Couldn't quit you if I wanted  
But I don't  
Ever wanna turn away

One look and I'm frozen,  
I lose track of time  
You move in slow motion  
And I can't close my eyes  
Takin' all of my attention  
But I don't want you to stop it

No oh

You keep me watching  
You keep me watching

Ooooooooooh  
Ooooooooooh  
Ooooooooooh

On the edge of what might happen  
Your a line that leaves me hanging  
Every word keeps me wanting more

Only you keep me lost in the fire  
Girl your like no other color  
I've ever seen  
I've ever seen before

One look and I'm frozen  
And I lose track of time  
You move in slow motion  
And I can't close my eyes  
Takin' all of my attention  
But I don't want you to stop it  
No oh

You keep me watching  
You keep me watching

And I can't keep my mind off of you  
Oh, I can't keep my mind off of you

Ooooooooooh  
Ooooooooooh

One look and I'm frozen  
And I lose track of time  
You move in slow motion  
And I can't close my eyes  
Takin all of my attention  
But I don't want you to stop it

No oh

You keep me watching

You keep me watching

You keep me watching
