

Lie To Me

Jason Walker

Look me in the eyes
And make me trust you
And make me want to
If you don't say what's on your mind
And I can't hear you
And it can't be true
I'd rather stay right here

Lie to me
The truth's not something that I'm ready to believe
As long as you are hiding right in front of me
It's not reality
So lie to me

Look me in the eyes
And I'll pretend it is
What I won't miss
Life is only people in disguises
And you don't have to feel
What you don't know is real

Lie to me
The truth's not something that I'm ready to believe
As long as you are hiding right in front of me
It's not reality
So lie to me
Oh, just lie to me
Oh

Look me in the eyes
And make me trust you

Lie to me
The truth's not something that I'm ready to believe
As long as you are hiding right in front of me
It's not reality
Oh, lie to me
Oh, lie to me

Lie to me
