

# Don't Let The Morning Come

Javine

Don't want the morning  
The morning to come  
Don't wanna feel like  
The party is done  
The day is dawning  
But I wanna carry on and on and on

It's five o'clock and my work is done  
Now I feel the party all night long  
I won't quit till the week has come and gone  
Nothing like a Friday night  
When my girls start to feel the vibe  
In the club I can really come alive

Don't want the morning  
The morning to come  
Don't wanna feel like  
The party is done  
The day is dawning  
But I wanna carry on and on and on

Drink or two just to chill me out  
I've got no fear and I've got no doubt  
Having fun is what it's all about  
Give me room while I hit the floor  
Every tune just leaves me wanting more  
DJ spins them cuts I can't ignore  
Don't want the morning
