Jay Park

Only got one night  
Pour up for me one time  
Only got one night  
Twerk it for me one time  
Only got one night  
Get lit for me one time  
So here we go all the way all the way up  
All the way all the way up

Let's hit the town  
(all the way all the way up,  
all the way all the way up)  
Move around  
(all the way all the way up,  
all the way all the way up)  
We getting down  
(all the way all the way up,  
all the way all the way up)  
So here we go all the way all the way up  
All the way all the way up

Yeah all the way up  
The baddies came out and  
they lookin' for someone to love  
All the way up  
The fella's be creepin'  
they looking for someone to f\*ck  
All the way up  
K-town girls asking if I got the drugs  
All the way all the way up  
They wanna go all the way up

Ooh yeah  
All the way up  
Ooh yeah bottles on us  
Fill it all the way up  
Forget about tomorrow  
Ooh yeah call the waiter  
Ooh yeah f\*ckin' sh\*t up  
All the way all the way up,  
all the way all the way up

Miss me with that hating

Diamonds on me dancing

All the homies with me yeah

So we go  
All the way all the way up,  
all the way all the way up

Let's hit the town  
(all the way all the way up,  
all the way all the way up)  
Move around

We getting down  
(all the way all the way up,  
all the way all the way up)  
So here we go all the way all the way up  
All the way all the way up

Yup it's go time go time  
Bitterness I pay no mind  
Baby girl you fine so fine  
Yeah I'm from out of town girl  
One night one night  
I feel so so live  
Let's take shots more shots  
Yeah tell me how that sounds girl

What the plan is what the plan is  
Feeling out this world on another planet  
Globetrotter but got  
d\*mmmit I'm established  
Your best is probably below my average  
Iced out like its two below  
Spending bread  
I ain't talking dinner rolls  
Everything I do sh\*t ain't typical  
Shake ya ass I ain't talking Mystikal  
Take you to the telly rip the FENDI  
No more patience get you  
naked like a ritual  
Do like habitual everyday  
I'm making mula  
Rich like Dubai  
Asian chick and she ain't Mulan  
Let's take the trip to Busan  
I'm from the town yeah b\*tch  
I'm from the town  
Way up but we gettin' down  
I'm from the town yeah b\*tch  
I'm from the town  
Way up but we gettin' down

Miss me with that hating  
sh\*t we lit all night  
Diamonds on me dancing  
check the drip one time  
All the homies with me yeah  
we in our prime  
So we go  
All the way all the way up,  
all the way all the way up

Let's hit the town  
(all the way all the way up,  
all the way all the way up)  
Move around  
(all the way all the way up,  
all the way all the way up)  
We getting down  
(all the way all the way up,  
all the way all the way up)  
So here we go  
all the way all the way up
