

Ask Bout Me

Jay Park

Groovy everywhere

If you don't know you about to find
Find out about me
I'm from the town of seoul city, yeah that's my RB
Although I've never been a gangster don-
Don't ever question my "G"
Cause I put it down, ask around
Better ask about me

Better ask about me
Better ask about me
Better ask about me
Better ask around
Better ask about me

Where he from?
China? Japan? Nah he from Ko-rea
I'm the fucking captain
Yeah I'm a warrior
Back in 2nd grade they threw me in ESL
They don't need a spreadsheet to see me Excel
Hope they wish me well
But a lot of motherfuckers don't
Want to take my place
But a lot of motherfuckers won't
I don't want no beef man, I'd rather up be on a boat
Something like a long cancer patient, I don't want no smoke

Yeah, I'm just tryna' take care of the fam
Change lives, get better yeah that be the plan
Don't got time to see you, hope you understand
This what happens, what happens when you are the man
I am not another random, you will never see me stranded
I am from another planet, they don't know
They don't know
If you don't know you about to find
Find out about me
I'm from the town of Seoul city, yeah that's my RB
Although I've never been a gangster don-
Don't ever question my "G"
Cause I put it down, ask around
Better ask about me

Better ask about me
Better ask about me
Better ask about me
Better ask around
Better ask about me
Better ask about me
Better ask about me
Better ask about me
Better ask around
Better ask about me

Ask about me boy, who really got the clout?
Yeah I be overseas overseeing the amount of the dollars and the won and the

yen in my account
I be touring the world, a couple thousand in the crowd yeah
We getting lit, built this shit from the ground up
Haters from afar looking tired like they wound up
I really do this shit, motherfucker get your sound up
Look at me livin' sober, but still reppin' the town Seoul
That's just how I do it
I look at all the grace and I study how they move
That's why you see me winning yeah even after I lose
As long as where I'm going is where I need to be, I'm cool
Ay, I ain't never movin' backwards
I'm not just another rapper
We really finna change the planet
They don't know
They don't know (what, what)
