So many blessings boy  
I'm feelin' like the chosen one yeah

Like I'm the chosen one  
Like I'm the chosen one  
Like I'm the chosen one

Eskimo status yes  
I am the coldest one  
Boy I'm a savage  
but don't need to hold a gun  
The way that I grind for my people  
The ones who have less  
than me see 'em as equal  
God bless my enemies repel the evil  
I see their intentions boy  
all of 'em see through  
I'm still a young man  
where the bitches at  
where the bitches at whoa  
Boy it's showtime likes  
its Cinemax like it's Cinemax whoa  
Who the fuck this Asian boy  
where he learn to rap  
where he learn to rap whoa  
Need that recognition yeah  
I need a dap yeah I need a dap Hov  
Hot I've been on that stove  
Break bread no dinner rolls toast  
With ace the bottles all gold  
Lights on now where do we go  
Fuck y'all boy I'm going home  
Jet lag I need to KO  
Jet life I'm down on that road  
Fast life like we in Daytona

So many blessings boy  
I'm feelin' like the chosen one yeah  
I'm feelin like the chosen one  
My life's a movie  
and I'm feelin' like  
the chosen one yeah  
I'm feelin' like the chosen one yeah  
Like I'm the chosen one  
Like I'm the chosen one  
Like I'm the chosen one  
Like I'm the chosen one  
Like I'm the chosen one

Like I'm the chosen one  
Like I'm the chosen one  
Like I'm the chosen one

Oh god please hope  
they don't take me for granted  
Pray that my heart don't go cold  
Pray that they don't sleep  
on me hope  
that they recognize talent  
Homies be me looking at me  
Making a mess  
and they want me to clean  
Up after them like it's definitely  
Weights keep on adding up  
piling on me  
To them it's unseen  
But I take it and stride yah  
Look after my pride yah  
This is my life yah  
I focus my mind yah  
Get on another nother nother level  
that the world has never  
ever seen before  
I'm on that peace and positivity  
but I still be ready for war  
In this game the bullshit galore  
Call me up I press ignore  
Make yo' head spin  
while I head spin b-boys  
get down on the floor  
That's just how I do  
Pull up with my crew  
Get this bitch so lit  
we takin' shots I'm bulletproof  
Take it back let's raise the roof  
yeah we getting loose  
Jay Park be the motha fuckin real
