

I Got This

Jay Park

All I know is money right now
All I know is money right now
All I know is yo booty
In that tight dress
Nice legs Friday night ay
Shit is lookin lovely right now
I know nothing bout that fake shit
Nothing bout that fake shit
I know nothin bout actin
Brand new to my crew yeah
Its all about the fam
And the homies I came up with

All I know is positive vibes
No negative shit
Thank god I'm alive
I inspire the kids
Yeah my whip is foreign
And my chick be callin
And you know I stay fly
So my kicks be soarin

Let me flex one time
Just one time
Alight I'm over that shit
Yeah I'm over that shit
Look at the way
I move man they know what it is

What my purpose is
What my purpose is
A few mill coo for now
Cause I worked for this
But in time I wanna be
Up in yo mind redefine
How you lookin at the world
And the way that shit is

Imma be the one
Imma be the one
Watch me
Don't worry I got this

All I know is this f*ckin money
We made nothin into something
One thing I do know fo sho
Imma be the one
Don't worry I got this
Don't worry I
Don't worry I
Don't worry I
Don't worry I got this

Don't worry I
Don't worry I
Don't worry I

If you don't know you bout to find out
I mean every word out of my mouth
Workin to hard to be
Underappreciated
I'm the same one even back
When they were hatin
Move after move motha f*ck
Is what we be makin
Everyday is our B-day yeah
We be cakin

But some see the vision now and
They try to creep around
But I ain't worried one bit
Cause my mama wake every morning
She be praying for me now

My family too big to take any days off
So we grindin like
Tomorrow is uncertain
Cause the future isn
Something u can purchase
So we showin out
Till they close the curtains

At times I wanna press rewind
To a much simpler time oh no
AOMG fo life yeah
I'm always on my grind oh no
Pickin the otherside
That's like suicide
We bout to lettem
All know muhf*cka let's go

All I know is this f*ckin money
We made nothin into something
One thing I do know fo sho
Imma be the one
Don't worry I got this
Don't worry I
Don't worry I
Don't worry I
Don't worry I got this
Don't worry I
Don't worry I
Don't worry I
