

Yacht

Jay Park

Yah
I need a Cha Cha beat boy
Look, yah

I should buy a yacht just to take you on it
Wanna take you 'round the town just to watch you flaunt it
You're so pleasing to the eye, I'm just being honest
For you, I'm down to go broke empty out my pockets
I be like you're my dope I'm so high, baby
Work, girl, work like Rihanna
Girl, you know I don't ever lie
This a song I wrote just for my baby

I can't have you in the open, girl
I can't have you in the lonesome, girl
'Cause too many dudes be hoping, girl
Scheming, they wanna steal my girl
Oh no, that will never, ever happen
'Cause I'm that fly Asian guy, I'm the captain
I be so wavy wear whatever I be bragging
Get you in submission all night, you be tapping, ya
Taking it from coast to coast
Scuba diving in them ocean shores
Fuck around and take you on a world tour
Versace dropping on them bedroom floors, yeah

I should buy a yacht just to take you on it
Wanna take you 'round the town just to watch you flaunt it
You're so pleasing to the eye, I'm just being honest
For you, I'm down to go broke empty out my pockets
I be like you're my dope I'm so high, baby
Work, girl, work like Rihanna
Girl, you know I don't ever lie
This a song I wrote just for my baby

Just for my baby, just for my baby
Hit me up, baby, on the kakao, baby
Give me good loving, we can get down, baby
Get down, baby, ay
I could make your coochie rain, don't tell FEMA, ay
His and hers Gucci mane, don't tell PETA
Cover your ears all in blood diamonds 'cause you know you're mine
I don't even wear diamonds, but I want her to shine (yeah, yeah)
I like the conversations (yeah)
Tell me 'bout your classes, ooh
Give me brain like a geek (geek)
Don't take off your glasses (ay)
Emails CC (ay), I put Chanel on your feet (ay)
I wanna read your body language, I don't like reading receipts
See you, my girl (ooh, ya), good luck Charlie
You must be Jason Kidd-ing me, put some bucks on it (ay)
Throw a tux on it, that mean I got cuffs on it
She on my arm like that Balenciaga clutch on it
Valentine's Day shopping
Now I'm rollin' down Rodeo with your shotgun
Banging Rage Against the Machine, I'm not a player, I'm a king, ay
Checkmate a nigga if you try to take my queen, wooh

I ain't got time for playing games (ok)
I'll get you wet like Training Day (uh huh)
I put my girl in Human, made no Bathing Apes 'cause she my baby
She get love from me just like an 808

I should buy a yacht just to take you on it
Wanna take you 'round the town just to watch you flaunt it
You're so pleasing to the eye, I'm just being honest
For you I'm down to go broke empty out my pockets
I be like you're my dope I'm so high, baby
Work, girl, work like Rihanna
Girl, you know I don't ever lie
This a song I wrote just for my baby
