

Close to You

Jay Sean

Baby girl lay your body down on the bed
Let me cater to you
And all them fantasies going on in your head
Imma do 'em to you

I know what you plan to do girl
You're just like an animal
So just do what's so natural to you
Cause you don't know how many times I've been thinking about you

I wanna get close close close close closer to you
Close close closer to you
Close close close close closer to you
Close close closer to you

I wanna get
Closer to
I wanna get
Closer to

Say baby you should drop the act
And maybe we should start again
Cause girl you know I'm here for that
So are you

And I know I know I know what you plan to do
You're just like an animal
So just do what's so natural to you
Cause you don't know how many times I've been thinking about you

I wanna get close close close close closer to you
Close close closer to you
Close close close close closer to you
Close close closer to you

You got something that I ain't seen before (I wanna get)
That only makes me want you more (closer to)
Let me put it down like I'm supposed to do (I wanna get)
Cause I just wanna get close to you (closer to)

You got something that I ain't seen before (I wanna get)
That only makes me want you more (closer to)
Let me put it down like I'm supposed to do (I wanna get)
Cause I just wanna get close to you (closer to)

I wanna get I wanna get close to you
I wanna get close to you

Close close close close closer to you
Close close closer to you
Close close close close closer to you
Close close closer to you

I wanna get
Closer to
I wanna get
Closer to

I wanna get
Closer to
I wanna get
Closer to
