

Hemlock Tree

Jaymay

Darlin won't you come with me
Deep inside the hemlock tree
Tonight i wanna be with you darlin' it's true
You are my favorite one
You're the stars and you're the sun
Whenever I look in the skies
I see your eyes
And they are such lovely things
Don't be shy I know that you have wings
Because I've seen you fly
Oh darlin' I would die for you
It's true darlin it's true
