

# Stole My Heart

JbDubs

This ain't a song about God  
I've always been a bad man  
You are my only hope  
Don't wanna be alone

I used to be king  
I used to be your Superman  
I had everything  
I used to be a better man

The stars shot down and I swallowed them whole  
They stole my heart they stole my heart  
The stars shot down and I swallowed them whole  
They stole my heart they stole my heart

This ain't a song about God  
I've always been a bad man  
You are my only hope  
Don't wanna be alone

You used to love me  
You used to make me pancakes  
You used to love all of me  
You used to make me a better man

The stars shot down and I swallowed them whole  
They stole my heart they stole my heart  
The stars shot down and I swallowed them whole  
They stole my heart they stole my heart

This ain't a song about God  
I've always been a bad man  
You are my only hope  
Don't wanna be alone

Stole my heart  
Stole my heart  
And now I want it back  
Stole my heart  
Stole my heart heart heart

And I loved you  
And I gave it all to you  
And I loved you  
I loved you loved you  
Gave it all to you

This ain't a song about God  
I've always been a bad man  
You are my only hope  
Don't wanna be alone

Stole my heart  
Stole my heart  
And now I want it back  
Stole my heart  
Stole my heart heart heart

Who wants to be alone?
