

You Can't Break The Chains Of Love

Jean Shepard

Though we're apart, you'll always have my heart
You can't break the chains of love, dear
Wherever you go my heart will always know
You can't break the chains of love

For I will always love you
I swear by the stars up above
I'll be your slave till I am in my grave
You can't break the chains of love

For I will always love you
I swear by the stars up above
I'll be your slave till I am in my grave
You can't break the chains of love
