

# Enough to Lie

Jeannie Seely

[Verse 1]

You don't listen  
Even when I begged you not to leave  
You don't hear what I'm saying  
'Cause you're paying no attention to me  
And when you come home  
After being gone  
You have no alibi  
'Cause you don't even care enough to lie

[Chorus]

Would it take you very long  
To even notice I was gone?  
If sometime I wasn't here when you came home

You know I know  
Where you go  
But you don't try to hide  
'Cause you don't even care enough to lie

[Chorus]

Would it take you very long  
To notice I was gone?  
If sometime I wasn't here when you came home  
You know I know  
Where you go  
But you don't try to hide  
'Cause you don't even care enough to lie  
No, you don't even care enough to lie
