

Slow Down

Jebediah

Slow down, I can't understand a word
That you've said to me just then
Please repeat yourself again
I know, things have got a little rough
But there's worse things that could be
Could you ever say to me
Sometimes, you have gone too far (too far)

Paint me a picture of what I know [x 2]
Slow down [x 2]

Slow down, we forgot the time to spare
And there's nowhere you can hide
When you're lost for me inside
I've seen that you'll sadly have to make
It can only come to waste
Someone leaves and someone stays
Oh, ho, you don't go too far (too far)

Paint me a picture of what I know [x 2]
Slow down [x 4]
