

Biggest Fan

Jedward

I'm your biggest fan, I'm your biggest fan
I'm your, I'm your, I'm your biggest fan
I'm your biggest fan
I'm your, I'm your, I'm your biggest fan
I'm your biggest fan
I'm your, I'm your biggest fan, biggest fan, fan, fan, fan

You'd be on my wall
You'd be on my t-shirt (t-shirt)
I'd sleep outside the mall
Four days in a row
Just to get your picture (picture, picture)

I'll be at your show tonight
Like I was so many times
Many times before (yeah)
Hold your name up to the sky
See you in the spotlight
On every tour

Cuz I'm your biggest fan
Girl don't you know that
I'd travel round the world just to have you closer
And I will sing along
Know your every song
Hang on every word you say

Cuz I'm your biggest fan
Oh, please believe me
I'm right here in the front row
Hope you see me
Cuz I will sing along
Till the curtain falls
Until the music fades

I'm your biggest fan, I'm your biggest fan
I'm your, I'm your, I'm your biggest fan
I'm your biggest fan
I'm your, I'm your

Baby you're a star
Everything I dream of (dream of)
No matter where you are
It won't be too far
I just wanna meet ya (woah-oh)

I'll be at your show tonight
Like I was so many times
Many times before (yeah)
Hold your name up to the sky
See you in the spotlight
Screaming for more

Cuz I'm your biggest fan
Girl don't you know that
I'd travel round the world just to have you closer

And I will sing along
Know your every song
Hang on every word you say

Cuz I'm your biggest fan
Oh, please believe me
I'm right here in the front row
Hope you see me
Cuz I will sing along
Till the curtain falls
Until the music fades

If you're the biggest fan now
Let me see you dance now
Go on, put your hands up
Hands up, hands up
If you're the biggest fan now
Let me see you dance now
Go on, put your hands up
Hands up, hands up

Cuz I'm your biggest fan
Girl don't you know that
I'd travel round the world just to have you closer
And I will sing along
Know your every song
Hang on every word you say

Cuz I'm your biggest fan
Oh, please believe me
I'm right here in the front row
Hope you see me
Cuz I will sing along
Till the curtain falls
Until the music fades,

I'm your biggest fan, I'm your biggest fan
I'm your, I'm your, I'm your biggest fan
I'm your biggest fan
I'm your, I'm your, I'm your biggest fan
I'm your biggest fan
I'm your, I'm your biggest fan, biggest fan, fan, fan, fan
