

Bodies in Action

Jedward

Let's put our bodies in action
B-b-bodies in action
Give me all your passion tonight

You give me pure temptation with the things you do
You're rushing through my veins, I'll be a sinner for you
So let's release the fire burning deep inside
It's only natural to let our hearts ignite

'Cause I wanna feel your flame against my skin
Baby you've got the heart of a dragon
Oh I'm burning up thinking what we could be
Tonight let's set this room on fire

Let's put our bodies in action
B-b-bodies in action
Give me all your passion tonight
'Cause you're the satisfaction
S-s-satisfaction
That I need to get me high
'Cause you're a wild child baby
And you're driving me crazy
Oh I need your touch to survive
So let's put our bodies in action
B-b-bodies in action
Give me all your passion tonight

'Cause I know you feel the glow I have for you
It's obvious that you feel it too
'Cause we're all living for the thrill
So baby what will it be? Decide

'Cause you hit a part of me that no one else can
So don't give up on me, your wish is my command
'Cause I wanna feel real emotion
And I know that you're the one

'Cause I wanna feel your flame against my skin
Baby you've got the heart of a dragon
Oh I'm burning up thinking what we could be
Tonight let's set this room on fire

Let's put our bodies in action
B-b-bodies in action
Give me all your passion tonight
'Cause you're the satisfaction
S-s-satisfaction

'Cause you're a wild child baby
And you're driving me crazy
Oh I need your touch to survive
So let's put our bodies in action
