

# Extraordinary

Jedward

My hearts on the line  
Even though I can't read your mind  
I want to breathe you in and exhale your grace  
My feeling's run deep with you  
There's better days ahead for us  
But I need to take a leap of faith  
And tell you how I feel before its too late  
I hope you'll give me a chance

So when the time comes  
I hope I'm ready to bare my soul to you  
Cause this is more the a feeling  
You're a part of me  
And together we could be  
Extraordinary

They say, everyone needs a hero  
And that's what you are to me  
You make a better tomorrow  
And brighter day  
I know that we could be  
Extraordinary

I like that your not plastic  
When disaster strikes  
You're authentic and real  
You don't speak in code  
You tell it like it is  
I know your worth it all

You're burning through my veins  
You take me far away  
Don't you know I mean what I say  
Cross my heart hope to die  
I'm sincerely yours  
If you give me a chance  
I'll never let you go

But if you don't then, that's okay  
At least I got this of my chest  
Cause I would go insane if I never told you  
I'm still hoping you say yes

So when the time comes  
I hope I'm ready to bare my soul to you  
Cause this is more the a feeling  
You're a part of me  
And together we could be  
Extraordinary

They say, everyone needs a hero  
And that's what you are to me  
You make a better tomorrow  
And brighter day  
I know that we could be  
Extraordinary
