

# Legends

Jedward

I swear, we are gonna be legends  
Here we go-oh-oh in the dark we glow  
I swear, we are gonna be legends  
Here we go-oh-oh, yeah, we run this show  
Hey bang bang, we're coming through  
Tell me where you're at if you're coming to  
Hey bang bang, we're coming through  
I swear, we are gonna be legends

Who knows what miracles are in store for us  
We'll keep each other safe when times get rough  
We're climbing on till we reach the top  
Won't let a sea of broken hearts tear us apart

Oh, no more counting tear drops  
Cause its a waste of time, let's leave it in the past  
We gotta keep evolving through the years  
Yeah, I have your back no matter what

Cause I'm a survivor at heart  
I'll always capture the moment and make it ours  
I see a leader in you, its time that you take charge  
Oh, I'm a survivor at heart

I swear, we are gonna be legends  
Here we go-oh-oh in the dark we glow  
I swear, we are gonna be legends  
Here we go-oh-oh, yeah, we run this show  
Hey bang bang, we're coming through  
Tell me where you're at if you're coming to  
Hey bang bang, we're coming through  
I swear, we are gonna be legends

Yeah, we'll slay the dragons along the way  
Won't let nothing stop us or get in our way  
Oh, we'll slay the dragons along the way  
Won't let nothing stop us or get in our way

I swear, we are gonna be legends  
Here we go-oh-oh in the dark we glow  
I swear, we are gonna be legends  
Here we go-oh-oh, yeah, we run this show  
Hey bang bang, we're coming through  
Tell me where you're at if you're coming to  
Hey bang bang, we're coming through  
I swear, we are gonna be legends
