

# Thirsty

Jedward

You got me thirsty, thirsty, thirsty for you  
The way you move your body, damn, you're just so cool  
So baby, let me, let me get close to you  
I bet you're sweet and tasty like my favourite juice

Oh, I'm so thirsty, thirsty, thirsty for you  
You got me thirsty, thirsty, thirsty for you

I get that instant high, I feel brand new  
You give all this life, something so fresh and true  
I'm feeling your groove groove when I'm with you  
I'm feeling your groove groove, yeah, I want you

You got me thirsty, thirsty, thirsty for you  
The way you move your body, damn, you're just so cool  
So baby, let me, let me get close to you  
I bet you're sweet and tasty like my favourite juice

Oh, I'm so thirsty, thirsty, thirsty for you  
You got me thirsty, thirsty, thirsty for you  
Oh, I'm so thirsty, thirsty, thirsty for you  
You got me thirsty, thirsty, thirsty for you

I feel this rush rush all over me  
I wanna touch touch when your close to me  
So gimme a chance to prove (a chance to prove)  
How much I'm feeling you (oh I'm feeling you)

I get that instant high, I feel brand new  
You give all this life, something so fresh and true  
I'm feeling your groove groove when I'm with you  
I'm feeling your groove groove, yeah, I want you

You got me thirsty, thirsty, thirsty for you  
The way you move your body, damn, you're just so cool  
So baby, let me, let me get close to you  
I bet you're sweet and tasty like my favourite juice

Oh, I'm so thirsty, thirsty, thirsty for you  
You got me thirsty, thirsty, thirsty for you  
Oh, I'm so thirsty, thirsty, thirsty for you  
You got me thirsty, thirsty, thirsty for you

(Come on) breakdown drop it low  
Everybody knows you're good to go  
Hot like a candle burning up  
Dripping all this wax  
Don't forget to blow  
(I said) breakdown drop it low  
Everybody knows you're good to go  
Hot like a candle burning up  
Dripping all this wax  
Don't forget to blow

You got me thirsty, thirsty, thirsty for you  
The way you move your body, damn, you're just so cool  
So baby, let me, let me get close to you

I bet you're sweet and tasty like my favourite juice

Oh, I'm so thirsty, thirsty, thirsty for you  
You got me thirsty, thirsty, thirsty for you  
Oh, I'm so thirsty, thirsty, thirsty for you  
You got me thirsty, thirsty, thirsty for you
