Unused lyrics from lyric sheets:
And suddenly all and everything we know
Had burst into flames
Erupted in fire

In the heat of the river
In the heat of the morning sun
I saw Rose
Out on the river
Staring down the city guns
She said
I am the one
I am the champion
Protector
Leader
Defender
Optimum champion
She said

I am the one
I am the only one
In the aftermath of atomic fire
I'll be your champion

Distinctly unhumble they said
That's what they called her then
But everything she touched
Seemed to turn out like magic then
And the walls
The walls of the city
They fell down like magic then
And the walls
The walls of my heart
They fell apart like magic then
She was the one
She was the number one
In this age of madness
This age of the gun
Rose was the champion

Hot war who could ask for more
Six minutes on a cold winter morning
Cold war ain't here no more
Rose, Rose, take me home
Rose
Lightning Rose
Carry me home

No more Walter Cronkite

Duran Duran

No more Bruce Springsteen (he bought it)

No more Ray Charles

Or MTV

Or RCA Victor

And Yale is a sheet of radio-active glass thirty miles across

No more Jodie Foster

And there is no more California

No more Moscow, or Mecca, no Tel Aviv, or Riyadh or Peking or Cuba no London

No Washington DC

Kansas is left

They didn't touch Cleveland!

And there are no more bombs

They used them all!

Not many Russians left

And there no more assholes

There'll always be assholes

Why couldn't we stop it then, what did we do so wrong

And it's such a bloody drag to have to rebuild civilization all over again

Nanananana nananana

Nanananana nananana

There is no more order

But there is Rose

And Rose is your heart

And Rose is love

And Rose is spirit

And Faith and light

Rose is Friday night

And we all have Rose

If we start right now

And if we sing long enough

And if we sing loudly enough

And if we sing strong enough

We can make a difference

We can make a difference

Yeah yeah, she said

I'll be the one

I'll be the only one

Unused lyrics on lyric sheet:

Let there be light on this planet

And let it shine through me

Let there be travellers who venture

Far from the beaten path $% \left(1\right) =\left(1\right) \left(1\right)$

And let one of them be me
