

Light the Sky on Fire

Jefferson Starship

God, all dignified if you want to
What I would really like to know
Will you light the sky on fire?
Will you light tonight like
You did the night before?
Hey, you could take me higher
Than the diamonds in the sky
Take me, light in the sky and we'll
Vanish without a trace and we'll see God then
Temples and mirrors interest me
Though all there really is to know
Will you light the sky on fire?
Will you light the sky on fire again tonight?
You can take me higher
Than the diamonds in the sky
Take me, we'll vanish without a trace
And then we'll all see God then
On the pyramids of the legend
The great God Kopa Khan came
From the stars and vanished
And the legends say he will come
Back again someday
(Someday)
Will you light the sky on fire?
Will you light tonight like
You did the night before?
You can take me higher
Than the diamonds in the sky
Take me, light in the sky and
We'll vanish without a trace
And then we'll see God then
Yes, I would really like to know
What I've been watching this for
Yes, I would really like to know
Will you light the sky on fire?
Will you light the sky like
You did the night before?
You could take me higher than
The diamonds in the sky
Take me, we'll vanish without a trace
And we'll all see God then
Vanish without a trace
Vanish without a trace
Come on, come on
Come on, come on, come on
Let's vanish without a trace
Come on, come on, come on
Come on, come on
We'll vanish without a trace
