Jefferson Starship

Today I feel like pleasing you more than before Today I know what I want to do but I don't know what for To be living for you is all I want to do To be loving you it'll all be there when my dreams come true Today you'll make me say that I somehow have changed Today you'll look into my eyes, I'm just not the same To be anymore than all I am would be a lie I'm so full of love I could burst apart and start to cry Today everything you want, I swear it all will come true Today I realize how much I'm in love with you With you standing here I could tell the world what it means to love To go on from here I can't use words, they don't say enought Please, please listen to me It's taken so long to come true And it's all for you All for you....
