

Cactus

Jelly Roll

There's a thing about a cactus
If you want the water
You got to go through needles
You got to dig harder
And if you want to feel love
Then you got to feel shame
And if you want to live good
Then you got to feel pain
Real pain

Such a shame, so much
And there's a thing about a cactus
If you want the water
You got to dig harder
Then you got to feel shame
Real pain, real pain and that's a real pain
