

Girls Just Wanna Have Fun

Jelly Roll

She don't want no drama
She just wanna have fun
She don't want no drama

Let the beat drop and I'm killing that hoe
Whole city know when they feeling the flow
Look like some Fruit Loops we fixing the blow
Taste like we smoking a cereal bowl
Hah, she got them pretty toes
She look like one of them girls from the videos
That bitch is really cold
She's really silly so it's cool when she giggles though
Living the dream, out with the team
Celebrating like the Superbowl
Tell Jerry G, roll up the weed
I think it's time to get super blow
Walk on the bad side
I'm already lit and you know that I'm half right
Thought I told you the last time
Them good girls always fall in love with them bad guys

She don't want no drama
She just wanna have fun
She don't want no drama
She just wanna have fun
She's in love with money 'cause that money makes her cum
She don't want no drama
She's in love with money 'cause that money makes her cum
She just wanna have fun

She is not stuck in that shit that you're talking
'Cause she is not worried 'bout nothing
That girl is hustling, she gives a fuck
About nothing else here but the money
She does her own things, she got her own crew
Yeah that's her own team
Whenever they're out you best believe
They take over the whole scene
She rides on me slowly, I just sit back
I observe and I blow weed
The way she throws it back has got me coming back
Like some kind of a dope fiend
Maybe she will, maybe she won't
Hop in this whip, baby let's roll
Do me a favor and call up your friends
'Cause you and me know that they're ready to go

She don't want no drama
She just wanna have fun
She don't want no drama
She just wanna have fun
She's in love with money 'cause that money makes her cum
She don't want no drama
She's in love with money 'cause that money makes her cum
She just wanna have fun

Wanna be in my videos

Long legs like a stallion, I bend her like centerfold
Gotta fuck on my tippy toes
She in love with my brand like a O'Charley's dinner roll
Call your friends, how 'bout a ménage à trois
Both friends spinnin' on my dick like twaa
Make your bodies lickin' a bio like mwah
Meet her face and send her right back to you
Save the drama for your mama
Keep a chopper like Osama
Between me and you she shows an option
Keep it proper 'fore I park it

She don't want no drama
She just wanna have fun
She don't want no drama
She just wanna have fun
She's in love with money 'cause that money makes her cum
She don't want no drama
She's in love with money 'cause that money makes her cum
She just wanna have fun
