

# Roll Me Up

## Jelly Roll

I see the moon in the middle of the afternoon  
I see the moon in the middle of the afternoon  
I see the moon in the middle of the afternoon

And don't you worry bout me I'll be fine  
I'll see everybody on he upside  
Just roll me up and smoke me when I die  
Just roll me up and smoke me when I die  
I'm alright don't you cry  
Everybody just get high  
Just roll me up and smoke me when I die  
Just roll me up and smoke me when I die

I feel the darkness oh no lord  
The darkness I go towards  
It I really want freedom  
But I ain't selling my soul for it  
I can't afford it I feel it's too expensive  
Pray to God that I'm forgiven lord this is my repentance  
And my momma taught me better sang amazing grace  
I came to fame to trade the pain for razorblades to cut loose  
A must do I take a stand  
If it's fuck you its fuck you cause I'm a  
Man and we don't respond well to bully tactics  
Before you try us just know that the whole team is full savage  
No weapons formed against me will ever prosper  
Watch how you keep talkin  
Just know I'm off my rocker

And don't you worry bout me I'll be fine  
I'll see everybody on he upside  
Just roll me up and smoke me when I die  
Just roll me up and smoke me when I die  
I'm alright don't you cry  
Everybody just get high  
Just roll me up and smoke me when I die  
Just roll me up and smoke me when I die

All of the sudden they askin me how I'm feeling  
I'm sick of explaining myself I'm Bob Dylan  
I started at floor but I think I hit the ceiling  
Either die the hero or live long enough to be the villain  
The good die young like Jimi, Croce  
And hendrix probably blow right past it not even knowing the limit  
Paranoid blowing weed smoke  
Staring out the pep hole  
Feeling like my legacy is tainted like I'm Pete rose  
And I don't wanna die yet  
But if I do remember me for stacking  
Up my checks and my southern dialect  
God loves the gangster and fuck ups  
Be careful what you say there are angels among us

And don't you worry bout me I'll be fine  
I'll see everybody on he upside  
Just roll me up and smoke me when I die  
Just rol me up and smoke me when I die

I'm alright don't you cry  
Everybody just get high  
Just roll me up and smoke me when I die  
Just roll me up and smoke me when I die

I see the moon in the middle of the afternoon  
I see the moon in the middle of the afternoon  
I see the moon in the middle of the afternoon  
I see the moon in the middle of the afternoon
