WAKE UP miss toadstool
it is i your one and only king bowsakooa
i'm a trutle as you see a little slow and a little green
but on the whole i'd say super duper

Princess toadstool i know your frightened ooh ooh
but if you knew just why your here your fear would just be heightened
so lets just say ignorance is bliss

oh well i hate to be a bummer i brought you here to bring me plumbers
you know those brothers oh whats there names oh yes
Mario and Luigi just the sound of them makes me queezy i'd like to ta
ke that monkey wrench i'd play my own game

Princess Toadstool your so misguided ooh ooh
I've never been fond of bookworms but them again this one does make g
ood mario bate
I can't wait
Ignorance is bliss

with my magic books i'll shower those clumsy lizards with my power
until dinosaur land is nothing but fossil fuel
my only problem with these spells is that i know not what they tell
so every hex leaves me perplexed and all i want are those plumbing fo
ols

Princess toadstool your not so clever ooh ooh
all your words are alphabet soup but a picture tells it better
i'll say it again Ignorance is Bliss

Haven't you heard a pictures worth a thousand words

you call yourself a princess but your a brainiac in a dress
i can't believe you waste time with these books
you remind me of my kid sister she read so much she got a blister
a big one i mean big on her brain what a shnook

i'd like to get my hands
just one time with a monkey wrench
i'd fix their plumbing

Princess toadstool i know your frightened (so misguided)
if you knew just why your here your fear would just be heightened
Princess toadstool your not so clever (pictures say it better)
all your words are alphabet soup but a picture tells it better

for the last time

on second thought i think i've made my point.
