

I Love You So

Jen Foster

We joke around and we play games
Sometimes you even call me names
But I let it go
'Cause we're bigger than the birds and bees
You can't deny the chemistry
It takes control
'Cause I love you so
Oh, I love you so
I can't seem to find the words to say
So I'm leaving you with this cliché
I love you so
You're deep and dark just like the rain
You're sunshine on a bright blue day
Somehow you're both
And it's kinda fun when we break up
'Cause my favorite part is makin' up
Come on, let's go
'Cause I love you so
Oh, I love you so
Girl, I love you so
Oh, I love you so
Oh, you lift me up when you take me down
When you let me go, I wanna stay around
I'm gonna stay around
I can't seem to find the words to say
'Cause your beauty takes my breath away
Oh, I love you so
Girl, I love you so
Oh, I love you so
Girl, I love you so
I said I love you so
Girl, I love you so
You know I love you so
Girl, I love you so
