## I Turn To You

Jennifer Day

When I'm lost in the rain In your eyes I know I'll find the light to light my way When I'm scared, losing ground When my world is going crazy You can turn it all around And when I'm down you're there giving me all you've got

For a shield from the storm For a friend For a love to keep me safe and warm I turn to you For the strength to be strong For the will to carry on For everything you do For everything that's true I turn to you I turn to you

When I lose the will to win
I just reach for you
And I can reach the sky again
I can do anything
'Cause your love is so amazing
'Cause your love inspires me
And when I need a friend
You're always on my side
Giving me faith, taking me through the night

For a shield from the storm For a friend For a love to keep me safe and warm I turn to you For the strength to be strong For the will to carry on For everything you do For everything that's true I turn to you I turn to you

For the arms to be my shelter through all the rain For the truth that will never change For someone to lean on For a heart that I can rely on through anything For that one who I can run to

For a shield from the storm For a friend For a love to keep me safe and warm I turn to you For the strength to be strong For the will to carry on For everything you do For everything that's true I turn to you I turn to you
