

# Stronger

Jennifer Love Hewitt

I'd like you to meet the girl they call next door  
You'll know her 'cause you've seen her face before  
He left you and he broke your heart in two  
You don't know if you'll ever make it through

He had to go leave you all alone  
I promise you're much better on your own  
Take it from me 'cause I've been there  
I once had a man who didn't care

Promised myself I would never love again  
I've been hurt, I've been blind, and that's the end  
I have fought, I have cried, I have bled  
For the love that never has been said

He'll love you, he won't love you  
But you've got to 'cause you're stronger than you were before  
You'll be there, he won't be there  
But you've been there and you're stronger than you were before

Take a minute, make a new plan  
Take a while before a new man  
Find the one that I adore  
But better yet, the one who loves me more

Girl to girl, I know we've all been there  
In the mirror I know that we've all stared  
To find a place that's within our hearts  
Never let your soul and spirit part

He'll love you, he won't love you  
But you've got to 'cause you're stronger than you were before  
You'll be there, he won't be there  
But you've been there and you're stronger than you were before

Girl I know you'll feel better if you cried  
But you will be stronger if you look inside  
Love doesn't always mean that you'll see eye to eye  
But great love will always help you learn to fly  
You can hold him close and let him kiss you  
But just not too tight, he's gotta miss you  
Make a love that you know your heart will preserve  
Live a life that all of us deserve  
And he will

He'll love you, he won't love you  
But you've got to 'cause you're stronger than you were before  
You'll be there, he won't be there  
But you've been there and you're stronger than you were before
