

# Just To Have You

Jennifer Paige

It's a full moon night, something ain't right  
Wind is banging my door  
Call me insane, I want this pain  
But it's justified, justified, justified  
I swore that I would never be this way  
But I can't stop this runaway train

I can't get you out of my dreams  
I tell you I'd do anything  
Just to have you here with me  
I know that I'm in way too deep  
Cos I would give up everything  
Just to have you here with me

There's a fire in my head, making me sweat  
Keeps me coming back for more  
We'll it's crazy in here cos I want these tears  
But it's justified, justified, justified  
I swore you'd never make me feel this way  
But I can't stop this runaway train

Now that I can't get you out of my dreams  
I tell you I'd do anything  
Just to have you here with me  
I know that I'm in way too deep  
And I would give up everything  
Just to have you here with me

Don't know right from wrong  
Don't know where I'm going  
Spending all my nights in a restless bed  
For your love I'm waiting  
It's too late, it's too late to hold my heart steady

Spending my nights in a restless bed  
I can't get you out my dreams  
There's a fire raging in my head  
I tell you I'd do anything  
Just to have you here with me  
I know that I'm in way too deep  
And I would give up everything  
Just to have you here with me  
Oh yeah, oh yeah baby  
Oh, oh  
Just to have you here  
Just to have you  
Just to have you near
