

# Underestimated

Jennifer Paige

You've underestimated, you've underestimated  
You've underestimated me again  
You've underestimated, you've underestimated  
You've underestimated me again

Hot shit, you thought I'd quite, and I'd just sit back in the corner  
Mouth shut, had enough, held my tongue, can't wait no longer  
I'll be seeing you one way or another  
And when I do, gonna say that we should together never

Wink and a smile, it's been a while  
With every day I'm for the better  
I song my song, I still remember  
I'll be seeing you one way or another

You've underestimated, you've underestimated  
You've underestimated me again  
You've underestimated, you've underestimated  
You've underestimated me again

Where have you been, you know me when  
You say you know, you knew, whatever  
Give in, better call a friend  
Before you're all alone and weathered

I'll be seeing you, yeah  
One way or another  
I know you know the truth  
Even if it's under the covers

You've underestimated, you've underestimated  
You've underestimated me again  
You've underestimated, you've underestimated  
You've underestimated me again

I'm gonna break out, let it all go  
So turn around, I'll say it slow, baby  
Say it loud, what you already know  
I'm not about to let you take control

You've underestimated, you've underestimated  
You've underestimated me again  
You've underestimated, you've underestimated  
You've underestimated me again
