

Great Big Plans

Jenny Owen Youngs

I've got plans
I've got great big plans
I've got plans
I've got great big plans
I know you
And I know your friends
I've got plans
I've got great big plans
Don't say what you're gonna say don't say what you're gonna say
Those words throw them away don't say what you're gonna say
Ohhh
I can't get done with you
I just can't get done with you
Kiss me til we're black and blue
I can't get done with you
Ohhh
Now that I can see
The lie inside of me
Me, me
Ooo
I've got plans
I've got great big plans
I've got plans I've got great big plans
I know you and I know your friends I've got plans I've got great big plans
Ohhh
I've got great big plans
Ohhh
I've got great big plans
