

Start + Stop

Jenny Owen Youngs

I know you're looking for a start and stop and
I can give you what you want, oh yeah.
I know you're looking for a start and stop and
I could give you what you want, oh yeah.

Bring yourself to stay, a little closer baby,
You know what I like, give me something that will roll me over
baby
I don't want to feel like me tonight
Make it real and make it right.

I know you couldn't lay a finger on
But still you're sure that something's wrong, oh yeah.
I know you couldn't lay a finger on
But still you're sure that something's wrong, oh yeah.

Bring yourself just a little closer baby,
You know what I like give me something that will make me crazy
baby
I don't want to feel like me tonight
Make it real and make it right.

Give me the smallest part of you
I need to know right now
If you're going, if you're going, if you're going.

Well I wanna go there too, oh
I wanna leave with you.
I wanna go there too,
I wanna leave with you.

I wanna go there too, oh
I wanna leave with you.
I wanna go there too,
I just wanna be with you.
