

Chewing Gum

Jeremy Enigk

Lately funny things arise
And maybe we'll see stars tonight
So crazy to be in chewing gum
So hazy to be in stars

Angel, worms arrive to sup here
Angel, we'll see stars tonight
So crazy to be in chewing gum
So hazy to be in stars

Don't go teary eyes golden
I deserve it
This time I drown in the sea
Don't go carry my burdens
Dreams I've once dreamt
They'll see I'm all strung out

Lately funny things arise
And maybe we'll see stars tonight
So crazy to be in chewing gum
So hazy to be in stars

Don't go teary eyes golden
I deserve it
This time I drown in the sea
Don't go carry my burdens
Dreams I've once dreamt
Lest you might remember me
Can't tell when the lights on
It's dark near the stars
They'll see I'm all strung out

Lately funny things arise
And maybe we'll see stars tonight
So crazy to be in chewing gum
So hazy to be in love
