

Shade And The Black Hat

Jeremy Enigk

Shade and the black hat don't tell me
I've paid my regards pouring in wine
What I've seen it tears me inside
Can they hear me when I speak?

My knees bowed
Who fell here time away
Shame married to go towards
Don't tell me, I've paid my regards

Pouring in wine what I've seen
It tears me apart can they hear me
When I speak my tongue's tied
