World Waits

Jeremy Enigk

The world wait forever, never take the time
Don't break my heart again   (x2)

[Chorus]

Though I wanna take the time
By nature or design
It's so hard to arrange
So hard to explain

Moment away beyond
Your heartache, no time for our love   (x2)

The world wait forever, never take the time
Don't break my heart again   (x2)

(Chorus)

Have been running delayed beyond
Every [Incomprehensible] delayed beyond

Moment away beyond
Your heartache, no time for our love   (x2)

No time for our love | x2
Your love, your love, your love
