

'Bout It

Jeremy Zucker

See I don't know, you at all
But I'm 'bout it, if you 'bout it
Don't give a fuck, if you're involved
Cause I'm 'bout it, if you 'bout it, yeah

Don't act like you are doing a favor
But honestly I swear you're my savior, girl
And I don't know if I'll see you later
So, I'm 'bout it, if you 'bout it

Yeah, my head has been spinning
I might need a minute
I been dying to kick it, so just come with if you with it
And this game that we're playing
You want me but won't say it
If I told I'm leaving you would be so devastated, oh
And I don't want no bullshit excuse
Like you ain't got no time for me, as if that shit was true
Just tell me how it is, how you want it
If you're down, want to sum it
I got plans and you're one of them
Not trying to pretend

See I don't know, you at all
But I'm 'bout it, if you 'bout it
Don't give a fuck, if you're involved
Cause I'm 'bout it, if you 'bout it, yeah

Don't act like you are doing a favor
But honestly I swear you're my savior, girl
And I don't know if I'll see you later
So, I'm 'bout it, if you 'bout it

Hold up, did you really think I'm 'bout it?
Say she want to leave but it's way too crowded
But I'll vibe with you, we playing games I ain't trying to lose
And if I take you back I'ma kiss your neck
I could be your now, I could be your next
I could be the one to relieve your stress
And we talk bout sex, she unzip that dress, blessed
Maybe one day I could take it
Give it to me cause I'm tired of waiting
I'm like the latest, number one play on your playlist
Don't trip if these other girls play it
And I like to fight
You're the type that I'd like to wife
Got you feeling like life is nice
At the movies eating Mike and Ikes
And if the price is right then I guess I'm 'bout it

See I don't know, you at all
But I'm 'bout it, if you 'bout it
Don't give a fuck, if you're involved
Cause I'm 'bout it, if you 'bout it, yeah

Don't act like you are doing a favor
But honestly I swear you're my savior, girl

And I don't know if I'll see you later
So, I'm 'bout it, if you 'bout it

Champaign for breakfast
First things first, never put you second, girl
Don't be stressing, I forgot to mention
I'm 'bout it, 'bout it, don't be offended
I fucks with you cause you're down to Earth
Got a ounce of purp if you're down to burn
You got a plan and you're still in school
Oh, you got a man but that shit is cool, right?
And If you'd like you could stay for the night
Don't stay for the love, don't stay for the life
Know my name and say it to me twice
Let me hear that shit, let me see that shit
You could be the one if you wanted to
Oh you got games? You could keep that shit, girl
Come and let me know what you want to do

Be who you wanna be
I will not blame you
Do what you wanna do
Don't wanna play you
If you would come with me
Then I will take you
Anywhere you want to go, yeah
Even if you're looking for the one
And I couldn't be him
You'd be sure to seein' that
I won't just go and take home anyone
I'm about you, girl

See I don't know, you at all
But I'm 'bout it, if you 'bout it
Don't give a fuck, if you're involved
Cause I'm 'bout it, if you 'bout it, yeah

Don't act like you are doing a favor
But honestly I swear you're my savior, girl
And I don't know if I'll see you later
So, I'm 'bout it, if you 'bout it
