

## glisten (interlude)

Jeremy Zucker

All these years on a tightrope  
Didn't waste your time  
I was worn on a same road  
Did we fall in line?  
And I won't fight it, lost sight of you  
And I know it's hard to see this through  
I won't let go, oh  
Yeah, I won't let go, ohh

But I could let you go if I wanted to  
And I don't know these roads but I know you, oh  
Called you here just to watch you cry  
That's life when you compromise  
'Cause I could let you go if I wanted to
