## glisten (interlude)

## Jeremy Zucker

All these years on a tightrope
Didn't waste your time
I was worn on a same road
Did we fall in line?
And I won't fight it, lost sight of you
And I know it's hard to see this through
I won't let go, oh
Yeah, I won't let go, ohh

But I could let you go if I wanted to
And I don't know these roads but I know you, oh
Called you here just to watch you cry
That's life when you compromise
'Cause I could let you go if I wanted to
