

Man Down

Jeremy Zucker

Leaving this in the open
For you
Done going in for the kill
Heart had enough of the thrill
Can't turn back the motion
You know
If you'll turn on me, when you want to speak, I won't

I just want to be your lover
I don't wanna be your friend
These are days that we'll remember
When we reach the bitter end
Man down
Will you find another
Man down
You won't let me suffer

I won't suffer, while my heart flutters
Plans went down the gutter
Damn I'll find another
But my old soul vanished
Way beyond the planets
Baby we were candid
You'll never understand it though
Lights off, lights on
You were the right one
I put my love in your arms and then my whole summer gone
I should have stuck to my guns
Like fuck I won't love her long
Nah I don't reminisce to much but

I just want to be your lover
I don't wanna be your friend
These are days that we'll remember
When we reach the bitter end
Man down
Will you find another
Man down
You won't let me suffer
