

October Snow

Jeremy Zucker

Honest I swear
You think I care
When I'm wasting all this time with you next to me
Loving you recklessly
Yeah, surely you know
I wouldn't go when you're begging
When you wanna have sex with me
Your loving is ecstasy

October snow got me feeling so cold
Don't know the high
If you can't feel the low

And I got through so much shit
Why don't you give it to me
Yeah, I lay back while you rip that spliff
This chick won't see right through me
Yeah, another compromise
I was real as fuck and you were down to ride
Trying to pack all of these bags up
That shit just makes me crack up

And honest I swear
You think I care
When I'm wasting all this time with you next to me
I'm loving you recklessly
Yeah, surely you know
I wouldn't go when you're begging
When you wanna have sex with me
Your loving is ecstasy

October snow got me feeling so cold
Don't know the high
If you can't feel the low

And honest I swear
You think I care
When I'm wasting all this time with you next to me
I'm loving you recklessly
Yeah, surely you know
I wouldn't go when you're begging
When you wanna have sex with me
Your loving is ecstasy
