

## Pick It up

Jeremy Zucker

Yeah, why'd you let your hair down?  
Is it cold outside, girl?  
I feel it in the air now  
There's something between us  
And I got some things that I'll try to say  
You got these games always trying to play  
No need to worry, we'll find a way, you know? Well I know  
And I've got acquainted with my mistakes  
You got some friends you should throw away  
But I got like nowhere to go today at all, at all

So let's just pick it up where we left it off  
Hit me after work if you ever get off  
I could pick you up no extra cost  
So let's just pick it up where we left it off

Let's just pick it up where we left it off  
Hit me after work if you ever get off  
Yeah, I could pick you up no extra cost  
So let's just pick it up where we left it off

Hey, I'm Daniel James (wow, yeah)  
Let's take it back to the beach with our hands in the sand (I just woke up)  
We ain't even got a plan, damn  
Let's chill for a minute  
Rock the mic anytime I get it  
I'll rock your body anywhere I'm wit it, wit it  
Wanna rock my fitted? (aight)  
Guess not, you probably get that a lot  
So I let you go, even though  
I didn't want to but I hit the road  
If I came back it'd be really dope  
But take it really slow, she like really doe? (nah not really)  
Girl that's a joke, you really trying to tell me you're going back alone?  
Don't call my phone don't ask me questions you don't wanna know, like (I'm tired of that shit)  
You really wanna talk about that shit that I did? (nah)  
I'm packing my bags and I'm tripping, I'm tripping like I'm on an island  
And you know I'm okay with that  
So one more night let's take it back  
Yeah one more night let's take it back

Girl what do ya say?  
If you're letting me down, than I can throw it away  
Time and time again you'd rather be my friend  
No hope for holding on because I know how it ends, yeah  
And I got some things that I'll try to say  
You got these games always trying to play  
No need to worry, we'll find a way, you know? Well I know  
And I've got acquainted with my mistakes  
You got some friends you should throw away  
But we got like nowhere to go today at all, at all

So let's just pick it up where we left it off  
Hit me after work if you ever get off
