

Upside Down

Jeremy Zucker

I just put my phone down
Finally I'm alone now
Strangers call me homie
All my friends are lonely
I can share my secrets
You probably won't believe it
But when I say it's all good
I probably didn't mean it
Oh no no no no
I ain't got a job
So you know I still get high
And if we fall we'll touch the sky
Eventually

Girl don't lie to me
Am I upside down
Are we upside down
I could try to be
Am I upside down
Are we upside down
Girl don't lie to me
Am I upside down
Are we upside down
I could try to be
Am I upside down
Are we upside down

They say fake it 'till you make it
Well I did that my whole life
Ever since I hit that stage
I just been focused on them lights
Only see it through my eyes
Well I feel it's only right
Put yourself inside my shoes
You probably couldn't
It's alright
Well
That's cool
Look girl I like you too
And I just hit the lights
And it just set the mood
So you say hold up
And I know why
But I'm so drunk
And you're worried about when I blow up
If I leave you
But you know what

Girl don't lie to me
Am I upside down
Are we upside down
I could try to be
Am I upside down
Are we upside down
Girl don't lie to me
Am I upside down
Are we upside down

I could try to be
Am I upside down
Are we upside down

I was so cold for a little bit
And I won't get home 'till a little bit
So I'll come a-round
If you want to chill
And I'm so way
Yeah I'm over
To get you back in my heart
I need you right here now
I don't want to see you
If I could be here now
I should've never
I should've never asked this
But I'm gone and I'm upside down
