

## you were good to me

Jeremy Zucker

Lying, isn't better than silence  
Floating, but I feel like I'm dying

Still no matter where I go  
At the end of every road  
You were good to me  
You were good to me, yeah  
I know it's easier to run  
After everything I've done  
You were good to me  
You were good to me

You were good to me  
You were good to me

Leaving, isn't better than trying  
Growing, but I'm just growing tired

Now I'm worried for my soul  
And I'm still scared of growing old  
You were good to me  
You were good to me, yeah  
And I'm so used to letting go  
But I don't wanna be alone  
You were good to me  
You were good to me, yeah, oh

God only knows, where our fears go  
Hearts I've broke, now my tears flow  
You'll see, that I'm sorry  
'Cause you were good to me  
You were good to me

And now I'm closing every door  
'Cause I'm sick of wanting more  
You were good to me  
You were good to me, yeah  
Swear I'm different than before  
I won't hurt you anymore  
'Cause you were good to me
