

Dream Sweet Dreams About Me

Jerry Reed

Baby won't you dream sweet dreams about me
Let me share your love even if it's only in your mind
Dream sweet dreams about me
Dream of happiness and secret pleasures we have yet to find
And though we're far apart won't you keep me in your heart
Till I'm back in your arms where I belong
Just dream sweet dreams about me till I'm home

The time has come they won't keep that plane on the ground much
longer
And I've got to say goodbye for a while
So hold me one more time cause hon I'm gonna miss you oh I'll m
iss you
So before I go just let me see your smile

And baby won't you dream sweet dreams about me...

Baby won't you dream sweet dreams about me till I'm home
