

The Likes Of Me

Jerry Reed

Look outside the rain it pours,
the lightning flashes and the
thunder roars, and I wonder
if you'd stand a better
chance of trying to tame the elements,
rather than try to tame
My soul, I think your love could never hold to the likes
of me, to the likes of me

It ain't that i'd like to stay, and live my life in an ordinar
y way,
work a nine to five with a family, a little baby
boy upon my knee, oh woman
I'd only break your heart, but that
kinda life just ain't in the cards, for the likes of
Me, for the likes of me

the likes of me that knows no home, or the town I'm in or
The road I'm on, I'm a restless soul and I'll never be
Still, so I follow the sunrise over the hill

I can see the designs of the picture in your mind,
You think that you can change my life,
and you make me a
perfect wife,
Woman your sweet, your lovin',
your kind, so don't mess up your
prettly little mind, with the likes of me

the likes of me that knows no home or the town I'm in or
The road I'm on I'm a
restless soul and I'll never be
still so i follow the sunrise over the hill

Woman your sweet, your lovin',
your kind, so don't mess up your
prettly little mind, with the likes of me
