

## Intro

Jess Glynne

Must've been about twenty  
I burned a couple bridges, yeah  
Lucky you told me  
And I had time to fix it, yeah  
I'm writing on a different page  
I'm riding on a different wave

You're getting my love  
You're getting my love

I'm living in the middle, babe  
I know I shouldn't be afraid  
So I'm living in the middle, babe  
Without a question, I'm okay

You're getting my love  
You're getting my love  
You're getting my love  
You're getting my love  
Getting my love  
Getting my love  
Oh, you, oh  
Just getting my love  
Oh, oh

Shall we do that?
